### **I-Series forming fabrics from Voith enjoy worldwide success**

2012-08-31

- **Thousandth order received for I-Series forming fabrics**
- **Exponentially increasing of market demand**
- **Expansion of global production capacities**

In June 2012, Voith received its one thousandth order for an I-Series design forming fabric and the market demand continues to grow towards the I-Series. To date, more than 14 million metric tons of paper have been produced worldwide with the help of the I-Series.

To respond quickly to the customer needs and add flexibility to the production capacity, Voith continues to improve its I-Series capabilities all over the world. In addition Voith proceeds investing worldwide to further develop value added products such as the I-Series.

The forming fabrics can be used for the production of fine papers to sophisticated packaging papers. The technology ensures very good runability at high speed, best performance, cost-efficient operation in respect of resources and energy consumed, as well as excellent quality.

Voith Paper is a division of the Voith Group and the leading partner to and pioneer in the paper industry. Through constant innovations, Voith Paper is optimizing the paper manufacturing process, focusing on developing resource-saving products to reduce the use of energy, water, and fibers.

Voith sets standards in the markets energy, oil & gas, paper, raw materials and transportation & automotive. Founded in 1867, Voith employs almost 40,000 people, generates € 5.6 billion in sales, operates in about 50 countries around the world and is today one of the biggest family-owned companies in Europe.
