Voith condemns the murder of Nelson García

2016-03-17

Voith is shocked by the news that Nelson García, also a member of the COPINH, has been killed in Honduras. We insistently call on the Honduran authorities to do everything to thoroughly solve the violent deaths of Nelson García and Berta Cáceres, and bring those responsible for those crimes to justice.

As already stated on March 11, 2016, we put the further execution of the project Agua Zarca under scrutiny and are in close dialog with our customer Desarrollos Energéticos S.A. (DESA) about this in order to consider further actions. We are also in contact with the financing project partners for the same reason.

Voith condemns any kind of violence. We do not tolerate any unlawful behavior towards individuals.

Voith sets standards in the markets for energy, oil & gas, paper, raw materials, transport & automotive. Founded in 1867, Voith employs more than 20,000 people, generates €4.3 billion in sales, operates in over 60 countries around the world and is one of the biggest family owned companies in Europe.*

* Excluding the discontinued Group Division Voith Industrial Services.
