**VOITH**

The most important part  
of every mission: You  
Working for the  
Voith Field Service

Our Service –  
Part of Your  
Business.

**“No two projects are alike. There’s a new challenge every day.”**

**Sebastian Stängle (left)**

With Voith since 2012

## The reason behind our customers' satisfied smiles: You

Our technical products and systems play an important role for our customers worldwide. However, without the Voith Field Service experts, the customer is missing something important. Voith's customized service solutions increase the operational reliability of our customers' products and systems. We are your partners from commissioning to maintenance and for modernization. Only the service of Voith experts guarantees the maximum availability of all your technical components.

Our Voith Field Service employees help the customer to make the best possible use of all Voith products and systems. This service is highly appreciated by our customers on an international level – and we intend to develop and build on this appreciation in the future. With your help.

**The Voith Group is a global technology company. With its broad portfolio of systems, products, services and digital applications, Voith sets standards in the markets of energy, oil & gas, paper, raw materials and transport & automotive. Founded in 1867, the company today has more than 19,000 employees, sales of € 4.2 billion and locations in over 60 countries worldwide and is thus one of the large family-owned companies in Europe.**

## Our customers can rely on one thing: You

Service technicians from Voith are in action worldwide – and they are often confronted by tough demands and conditions. They face great challenges on a regular basis. They are here today and somewhere else tomorrow. They work hard, often reaching their limits, but are always 100% satisfied in the end – because when a solution is found for the customer on site, it's a great feeling. However, there's more to it than that. The real reward of this work is enormous professional and personal development, something which hardly any other job can offer.

# Every assignment is a valuable experience: Yours

Do you embrace challenges, do you like to travel and do you love to get right to the heart of a problem? Are you open-minded, and can employers and customers alike rely on you?

---

## What are your tasks?

- Commissioning of new or existing products and plants
- Independent maintenance and repair of our products and systems at the customer's site, either regionally or worldwide.
- Technical support for plants to avoid shutdowns and ensure optimal utilization
- Personal and responsible representation of Voith at the customer's site
- Work with new Voith Field Service technologies

---

## What do we expect from you?

- Apprenticeship as an industrial mechanic or mechatronics technician, technician qualification or a degree in mechatronics or electrical/mechanical engineering
  - Flexibility, resilience and good communication skills
  - A good command of English
  - Ability to work in a team and assertiveness
  - Willingness to travel
- 

---

## What do we offer you?

- Varied and exciting tasks
- Intensive and careful preparation for the challenges of the job
- Career development opportunities to become an expert or executive
- Regular training courses for our Voith Field Service experts
- Possibility to rent furnished apartments
- Language training in the Voith training program

---

## Where do we want to deploy you?

We are looking for new people for our Voith Turbo, Voith Hydro, Voith Paper and Voith Digital Ventures Group Divisions.

---

## Now only one thing matters: You

You are sure: Voith Field Service is made for you and you want to apply? We're looking forward to receiving your application. Here are the positions for which we regularly search for qualified employees.
