Voith Industrial Services receives Bosch Supplier Award 2015

2015-09-01

- **Award in the category of “Maintenance” now also for technical services**
- **Voith Industrial Services among preferred suppliers worldwide**
- **Strategic partnership for 30 years**

In recognition of the special expertise and performance in the category of “Maintenance”, Robert Bosch GmbH has honored the team of Voith Industrial Services with the Bosch Supplier Award 2015. Thus, the industrial services provider has received this award in every single year since 2012.

What is special this year: The former category of “Facility Management” has been extended to include technical services and technical cleaning – two of Voith Industrial Services’ main activities. “We are delighted about this important award, which confirms we are a strategic partner of Bosch and gives us the opportunity for continued mutual growth and development”, says Markus Glaser-Gallion, CEO of Voith Industrial Services. Decisive factors for this are the industrial services provider’s constantly high quality of services and adequate price structure.

Voith Industrial Services has been supporting Bosch at different sites for more than 30 years. For example at the primary plant in Bamberg, new technologies are developed and transferred to other plants when they are ready for series production. At the moment, the plant produces, among others, spark plugs, diesel fuel injector nozzles, actuators and batteries for hybrid vehicles. The industrial services provider’s services at the site include janitorial and deep cleaning.

At the Eisenach Bosch plant, Voith Industrial Services is responsible for maintenance activities. In addition, the team on site operates the spare parts store for Bosch and produces Bosch spare parts. A skilled Voith team produces Bosch components for the aftermarket and for series production.

The status of “Preferred Supplier” at Bosch applies worldwide and is thus also the basis for the international cooperation with the industrial services provider.

About Voith Industrial Services:

Voith Industrial Services, a Group Division of Voith GmbH, is one of the leading providers of technical services for key industries such as the automotive, energy, chemical and petrochemical industries as well as mechanical engineering. In 2013/2014, the company generated sales of € 1.18 billion at its more than 170 locations worldwide.
