Voith Industrial Services China honored with the Golden Excellent Service Award at the VWPT Supplier Conference

Voith Industrial Services in Shanghai was honored by Shanghai Volkswagen Powertrain (VWPT) with the Golden Excellent Service Award at the 2015/2016 Supplier Conference.

With the service concept of “Create more value for customers”, the industrial services provider supports the rapidly increasing capacity of VWPT and is proud to be one of the winners: Nearly 160 suppliers participated in the VWPT Supplier Conference. Only six of them, who performed well in all aspects, won the Golden Excellent Service Award.

Since VWPT was established in 2004, Voith Industrial Services has been providing production equipment maintenance, technical facility management as well as operation of central stations, spare parts management and documentation management at the plant. As an outsourcing supplier, Voith Industrial Services utilizes worldwide technical resources, makes full use of the internal and external trainings and cooperates between departments.

“We are delighted about the Golden Excellent Service Award from VWPT. It is the greatest encouragement for us and all the staff on site to continue providing innovative solutions and a high quality of services. At the same time, it is also recognition of our efforts and development during the last year,” says Gerwin Gaedigk, Managing Director of Voith Industrial Services in China.

The company was awarded with the Special Contribution Award last year and the Golden Supplier Award in the last three consecutive years.
