Customer note/operative instruction:

We work exclusively on the basis of the General German Freight Forwarding Terms and Conditions 2017 - ADSp 2017.

Please note: The ADSp 2017 deviate in paragraph 23 from the law with regard to the liability limit for damage to goods (§ 431 German Commercial Code [HGB]), in that they limit the liability for multimodal transport including carriage by sea and with an unknown place of damage to 2 SDR/kg and otherwise the standard liability of 8.33 SDR/kg additionally to 1.25 million euros per case of damage and 2.5 million euros per damage event, although at least 2 SDR/kg. For Express und Fixtermin (national) and for Eurapid (international) deliveries the General Terms and Conditions of Business DHL Freight Euroconnect/Fixtermin and Eurapid Germany respectively applies, each in the latest version.

Space for explanation

The Pick-Up order does not comply with the requirements of section 5.4.1 ADR. Therefore, when transporting dangerous goods, a complete ADR transport document must be created and enclosed with the forwarding order and the shipment. Each type of packaging must be recorded individually. (also different container sizes)

ADR transport document available:

☐
