# Information

## Voith Paper Finland

**The Voith Group is a global technology company. With its broad portfolio of systems, products, services and digital applications, Voith sets standards in the markets of energy, oil & gas, paper, raw materials and transport & automotive. Founded in 1867, the company today has more than 19,000 employees, sales of € 4.3 billion and locations in over 60 countries worldwide and is thus one of the larger family-owned companies in Europe.**

The Group Division Voith Paper is part of the Voith Group. As the full-line supplier to the paper industry, it provides the largest range of technologies, services, components and products on the market and offers paper manufacturers solutions from one single source. In Finland, Voith is represented by the Division Paper with three locations.

1. The head office of Voith Paper Oy moved from its founding location in the capital region of Vantaa to a more central location in Tampere at the end of 2018. The administrative headquarters in Tampere performs operational functions such as management, finance, technical customer service and human resources.
2. Voith Paper Kaipola Cotton Rolls, is located in Jämsä, a small town in the heart of Finland. The company has been producing cotton rolls and roll covers for paper manufacturers worldwide since 2010.
3. Voith Paper On-Site Services are located in Parhalampi, part of the municipality of Pyhäjoki in North-Western Finland. The unit performs administrative functions and provides maintenance and repair services worldwide.

In addition to the three locations, a group of qualified sales and customer service employees work in home offices throughout the country.

# Products

Paper manufacturers are facing many challenges. Constantly increasing operating costs are impairing plant productivity. Rising energy costs and higher prices for fresh water are also contributing to the problem. As a technology leader, Voith is continually developing new products and services that help its customers master these challenges. With our resource-saving new developments, Voith is making a positive contribution to the environment and is thus safeguarding the success of all customers into the long term.

---
